The Daily Standard. Saturday, July 9, 1870. When the will Governor Proclaim thenew Constitution.

Our Delgentes are on their way back from Ottawn, with the terms of Union. They will be here in two or three weeks. About that time or a little later, the terms will be published, preparatory to the people passing their opinion on them. Governor Musgrave has promised that they shall be referred to the people-to those whom he thinks are not fit to gov. ern themselves. Now we know who the people were in former elections; but who the people will be when Confed-eration shall be put for acceptance or rejection we don't know. No one knows except " Our Master " and the members of the charmed circle who surround him. The people who are the parties most con-cerned, don't know; and must wait till "Sir Oracle" opens his mouth. Why this reticence on the part of Governor we cannot device. the people are to decide the question of Coulederation, why not det the people know, who the people are? Why keep them in the dark? If all is fair and straightforw FI, why not out with the Proclamation Everybody wants to know what number, and what class of our population are to decide the question of Confederation. We view the conduct of the Governor in delaying the Proclamation of the new constitution, in no very

Plumper Pass Tragedy.

favorable light.

The recent murder in Plumper Pass, of a quiet, unoffending man, calls for prompt action on the part of the Government. The murderers, for it is supposed there were more than one, oug t to le ferreted out, and that at once, and a speedy example made of them. If that be not done, we question much whether the half-dozen settlers in the Pass remain there, or if they do remain, it will be in a state of torment ; for they will be in continual expectation that the bullet of the assassin may reach them. Six settlers, who have about six y acres of land under cultivation, a hundred head of cattle, besides hogs, &c., ought not to be disturbed with impunity. If, as it is presumed, the murderers be Indians, the greater, therefore, is the necessity for catching the villains as soon as possible. now and again a murder is com-among the settlers on the Islands Cigars, will be dispensed at the bar. John Edjear, Every now and again a murder is combetween here and the Gulf of Georgia; and so far as known the perpetrators have always been proven to be Indiane. Such being the case, a gunboat ought to be detailed to cruize periodically among the Islands, and keep an eye on the natives, for more un-hung cut-throats cannot be found anywhere than among the Indians who pass up and down our eastern coast.

Farmers Rights.

Our farmers had better be on the watch with respect to the terms of Confederation, if they went, their interests duly protected against foreign produce The terms may not be such as will sui, their interests, -and if that should be the case the whole country from Comox to Metchosin, and the entire valley of the Fraser would be very seriously affected by a reduction of the tariff, When our farmers can supply all the produce that we require for home consumption, at as low a rate and of as good a quality as it can be purchased in Washington Territory, Oregon, or California, they will be perfectly secure against foreign produce, but not before. Confederation without protection to the farmer would prove a serious blow to industry. Our coal and lumber is very unsaleable at present,-and will for a long period move off irregularly, consequently the Lower country has but two permanently active industries; trade and farming, to depend on, and we ought to shape our policy in connection with Confederation so as to foster both with the least injury to each other.

Inquest .- An inquest was held yesterday, on the body of Robert Clarke, who was found murdered on an islandnear Plumpers pass. The jury after viewing the body and having beard all the evidence, return d a verdict of wilful murder by some party or parties unknown. The deceased was a native of Shields, Eng-

A Man Found Murdered on Main

INDIANS THE GUIL Y PARTIES.

Again it is our painful duty to record one of those most atrocious and cowardly murders which nappen so of en in our midst, and for which the gu ity parties are so very seldom brought to justice. Yesterday morning three farmers arrived from Main Island, bringing the dead body of a man named Robert Clarke. who was found dead by his wife, an Indian woman, about 150 yards from his horse on the Is and, Wednesday, he 6th inst. The three men who arrived with the body live at a distance of about one and a haf miles from where Clarke was shot. One of the parties, Jordson, who lives on an adjoining Island, heard the ecso of a shot through the mountains on Wednesd y evening, but thought nothing of it at the time, as the Indians are always shooting in the bu-h. At the time the shooting took place Clar e's wife was away from bome. When she returned, she found that the house had been robbed of a lot of provisions an clothing, in fact everything which could be carried away was taken. Her suspicions were aroused, and she at once proceeded to where her husband hat been sking shingles, about 150 sards from the honse, and there found him dead, with a his back and went right through his heart, ausing death immediately. The wife went at to her nearest neighbor (Jordson) where she gave the alarm. He at once went to the spot and found everything as above stated. Jordson procured the assist nee of two Ather neig bors, whose names are Nicholson and O'Brien They beld a consultation Biracks, Victoria, where they arrived yesterday morning. Clarke, the mu dered party, is well known in this city as a travelling tinker, who used to go round to the houses in sloop which he us d going around the se te-ments to do little jobs for the settlers, and when he would make a little money he would buy six nonths' provisions and go to his farm wher he would work u til it was done. He managed this way for some time, until he had a nice little farm and several head of cat e, whi h be made by his industry. He leaves three smal children to mourn h s untimely end. This is one of the most coldblooded murders which has bappened for soue time. We hope the culprits will be ferreted out and brought to justice, so as to set an example to other Indians not to go and do

THE UNPROTECTED FARMERS .- We learn from the tamers who arrived from the Is and in the neighborhood of Plumper's Pass yeste day morning with the remains of clarke, that unless there is some p otection affor led them hey will be compilled to break up their homes which they have been making for years, and seave for a country where there is be ter projection aff rd d them agai st lucha s. Gun boat Rin dove, Commande, Br oke, left at 4 o'clock this morning for the coast of Mexico, to look af er the filli ustering steamer Forward, which at last accounts was seized at San Nolas by the Collector of Customs at that port. By the time the Ringdove reaches Mexico, in all probability she will be off again for par s unknown. The Forward is commanded by a young man who was form-erly in the English Navy as a Mid alphan named G ffrey Norries alias Jefferson. LEECH RIVER .- Last night two Miners, named Glover and Nel is, arrived f om Lech River, where they have been prospecting for the part two weeks, but found nothing to pay. The Jordan River prospectors are reported to have gone on to their destination, and intend to prospect the country thoroughlook ore week's provisions with them, and left the balance with an old man, the only miner left on Leech river, until their return. Nothing has been heard from them as yet, and it is expected that they have struck something, or else they would have returned for their provisions before this time.

Suuggling.-W. Norman and John Cowell were charged by R. Hunter, Cu-tom House officer at Esquimalt, in the Police Court this morning, the former with receiving and the later with in irring three cheese with intent to defraud the Custome Departmen Mr. Bishop appeared for the necused who law of he land, and opened a d or for anarch, plead d grilly on behalf of Norman to the and confusion. VOLUNTEER SHOOTING MATCH. - The shooting match, between ten of the Volunteers and ten picked men from H. M. Ships Zealous and Scyllia, will take place to-day, commencing at 10 a m. The following are the names of the Voiu teer ten. Lieut. Rosc., Ensign Turner, Col. ergeant Pee. Sergeant Long Band sergeant Soar, Corporals All-op and Wilson, Privat's Good, Page, and Kennedy. We believe the match will be an interesting one, as there are some splended marksmen among the Navy ten. The Volunteers will have to look to their laurals to-day.

FUNCHAL .- The funeral of the late Captain J. W. Watt, took place yesterday from the Presidence of his son M. W. Waitt, Quadra Streeet, and was largely and respectably at tended. The funeral service was conducted by the R.v. Mr. Jenus.

FROM (ARIBOO .- We learn from a gentleman lately arrived f om the mines, that there are flourishing times in Cariboo. There is no doubt, according to the facts of the case, but Indians are the guilty by the tele rams of yesterday, that General Prim h s found a King for Spain, in the person of Pr n e Holien Zollera, a G rman residing in Prassia. The English Government approves of him, but the French disapproves. T e Spanish people ha e not been consulted upon the subjec, and may object.

HE PLUMPER PASS MURDE .- We und rstand that the settlers from Plumper's l'ass, to brought down the body of Clarke yesterday, applied to the Government for a policem n or a Gun-boat to go up there to try and find out the murderer. Both applications were retused, and there poor settlers wire told they would have to pro ect hemselves the best wy they could, as the Government would not interfere.
